

The NSS Learning Journey -- Moving Forward to Excel

As our valued partners of education, we are pleased to update you that a seminar on “The New Senior Secondary (NSS) Learning Journey – Moving Forward to Excel” was held on 19 April 2013 to celebrate the smooth implementation of the New Academic Structure (NAS) and the achievements of the Education Reform with different stakeholders in the education sector. Further to it, the progress report on the NAS Review: *The New Senior Secondary Learning Journey – Moving Forward to Excel*, with details of the fundamental changes, achievements and challenges of the NAS as well as an overview of the recommendations for fine-tuning the NSS curriculum and assessment, has also been released and uploaded onto the NAS Review webpage. For details, please refer to the following links:

Executive Summary
